Giant Steps Early Learning School
"SHOWING YOUR CHILD A LOVE FOR LEARNING" -Since 1997

Giant Steps "Summer Enrichment Camp" curriculum is built upon session themes designed to inspire your child to explore, create, interact, and stay active during the summer months. Developmentally appropriate games, which include preschool activity and school-age fun, as each theme captures your child's interests and enhances what your child has already learned. Each theme will combine famous children's books with hands-on math, science exploration, and artistic creations through the eyes of our young learners.
